Attendance

Tim Broadhouse – Assistant Headteacher

Attendance is a National Priority

Rachel de Souza who is the School's Commission, has made attendance a **national priority**.

Her recent report says that children who miss **one of the first few days of the new term for unauthorised reasons** are much more likely to miss **long periods of their schooling** than their peers who attended those first few days.

These students are predicted to have an overall absence of almost 45%, or **31 days across the term**.

This shows just how important it is that you are at school, ready to learn in the first days of the September term and the rest of the year.

Outcomes by attendance at GCSE

Lower than 90% - $\frac{1}{2}$ a grade **below** their predictions

95% or above – $\frac{3}{4}$ of a grade **higher** than their predictions

98% or above – nearly 1 whole grade **higher** than their predictions

100% attendance – more than 1 grade **higher** than their predictions

- Students will need to collect this sticker from their tutor and stick it on the day you were absent in their diary.
- They will need to speak to their teachers about what work was missed and what needs to be done.
- Teachers will sign next to the period on the sticker so you as parents will know this has been done.
- Parents to sign also to confirm the work has been done.
- It's a team effort.

Behaviour for Learning

Heather Jolly – Assistant Headteacher

What has changed this year?

- ‘No pen’ removed from list of formal warnings
- **Rewards**
 - How they are recorded on Arbor
 - Milestone totals
 - Number/type of rewards given throughout the year
- **Prevention of bullying**
 - How incidents are recorded on Arbor
 - Clarity on how incidents are followed-up

What will House Points be given for? Some examples...

Classwork

- High quality written work
- High quality verbal response (depth)
- Reading out loud in class
- Successful use of newly taught tier 2 vocabulary
- Successful/positive collaboration with peers

Homework

- High quality response
- Going broader or deeper – super curricular
- Work that reflects significant time and effort

Attitude to Learning

- Showing resilience – not giving up, failing and trying again
- Risk-taking – trying something new/difficult
- Reflecting on learning and improving/making changes

School Ethos – Demonstrating the House Values

- Helping others around school
- Supporting a peer (in any context)
- Tour guides and other leadership roles
- Getting involved in clubs
- Going the extra mile

Communication to Parents

- Arbor app – house points and behaviour incidents – you can see these as soon as they are recorded on the system
 - House points will show an accurate total – this may vary slightly from positive incidents, whilst we adjust to the change in practice
- Automated emails for detentions – including for lateness
- Electronic postcard certificates for milestone rewards, attendance rewards, progress check rewards, house value rewards

Prevention of Bullying - Updates

Dream Big
Be Curious
Be Determined
Make No Excuses

- **Definition:** “Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an **imbalance of power**. It can happen face to face or online”.

Steps taken so far...

- Parent Information Evenings (September 2022 and July 2023)
- Parent forum and feedback
- Student survey and student voice
- Staff training
- Changes to green 'Student Incident Form' - next steps and support is student led – definition of bullying behaviour is always discussed
- Ongoing work with staff and students on restorative practice
- More bespoke 1:1 support for students who have been bullied and for students who have shown bullying behaviour
- More ways for students to report bullying behaviour - worry box, Anti-Bullying Ambassadors, Mental Health Ambassadors, Pastoral Support/On Call team available at break and lunch
- Ongoing work to raise awareness – assemblies, tutor activities, whole school activities
- Anti-bullying ambassadors and mental health ambassadors

How can bullying behaviour be reported?

- **Student** – in person, via the Worry Box online, or through email to staff, safeguarding team or mental health ambassadors
- **Parents/carers**, concerned about their child – via phone or email to the safeguarding team or Head of Year, or via the Worry Box on our website
- **Staff** – via the safeguarding team

Discussion will take place with those involved and our definition will be kept in mind when deciding if an incident should be defined as “bullying behaviour” or not

What will happen if bullying behaviour is reported

Investigation

- On Call – student/staff statements
- Head of Year informed and may assist in speaking to students
- Leadership team informed if behaviour is repeated

Communication

- Students
- Parents/Carers
- Staff
- HoY to log on Arbor for all students involved so incidents can be tracked (for the victim, this will be logged as “Bullying Behaviour Reported”)

Action

- Restorative
- Education
- 1:1 support
- Follow-up meetings/conversations with parents
- Sanctions, where warranted

Sanctions for Bullying Behaviour (actioned by HoY)

Bullying Behaviour 1 – Verbal Warning

- Verbal warning
- Parents/carers informed
- Logged on Arbor
- Support/further education offered
- Restorative offered
- Possible sanction depending on incident (eg. lunchtime, after school or leadership detention)

Bullying Behaviour 2 – Written Warning

- Formal written warning (letter to parents/carers)
- Sanction (incidents considered on an individual basis – could include leadership detention or time in inclusion room)
- Logged on Arbor
- Compulsory further education
- Restorative offered
- Further support offered
- Staff informed/seating plans looked at

Bullying Behaviour 3 – Repeated

- Serious sanction (inclusion, suspension, or even permanent exclusion)
- Meeting with parents/carers
- Compulsory further education/1:1
- Restorative offered
- Staff informed – class changes and zoning at free-time discussed and agreed

Day: Wednesday
26th June

Mock Exams

Mocks are important for the following reasons:

- A chance to **practise** and **hone revision skills**
- Revising what has been taught so far to **embed knowledge into students' long term memory**
- Students and teachers having **clear knowledge about what gaps individuals have**
- Practising **balancing the demands of revision for multiple subjects** for exams in close proximity
- **Familiarity** with the **exam environment** and with **exam protocols** to reduce stress in the summer

Mock Exam Dates

Please be aware, mock exams can go on beyond 3pm; students will need to arrange an alternative method to get home if appropriate

Preparing for External Exams

Students will be in school full time up to and including Friday 24th May 2024 (May half term)

Attendance for exams only will begin on Monday 3rd June

The reasons for this are:

- Continuing lessons revising with and led by their teacher
- Expert revision by a teacher who knows the strengths and weaknesses of their students
- Revision tailored to what hasn't already been covered in exams
- Easy access to teachers for guidance and support
- Support and socialisation
- Options to participate in Core PE lessons or to have some independent revision time

Preparing for exams – revision

Ineffective strategies – try to avoid doing these

These strategies have been shown to be much less effective at helping students to remember information and recall it, than previously thought:

1. Highlighting:

Highlighting work has in the past been seen as a good thing to do, but in reality, often we find it hard to highlight the most useful parts and end up highlighting almost everything.

It also seems that highlighting might help us to remember individual bits of information but in reality can make it harder for us to put information together in the way we will need to for success in the majority of the exams.

2. Re-reading

We are drawn to ways of studying that feel good but are actually

exam (seen as cramming), well retained, only for it to

Children who are the most engaged with literacy are three times more likely to have **higher levels of mental wellbeing** than children who are the least engaged (39.4% vs 11.8%) National Literacy Trust

Good readers are **more likely to be employed**, earn an above average wage and receive work-based training and promotions (Mulcahy, Bernades and Baars (2019))

Studies have shown that those who read for pleasure have **higher levels of self-esteem and a greater ability to cope with difficult situations.** (Billington (2015) University of Liverpool)

EVERYONE IS WELCOME IN THE LIBRARY

We are fortunate to have a very well-stocked library here at Ringwood School. Alongside the popular fiction section, we have Quick Reads for our more hesitant readers, Dyslexia friendly texts, classics, non-fiction and Graphic Novels.

Every student has access to our e-book platform, Sora. Audiobooks, Ebooks, and magazines can be accessed on any device. They are also available in Dyslexia font.

THE BENEFITS OF READING FOR 20 MINUTES A DAY

Improves concentration and focus

Better performance in school

Improves memory

Enhances imagination and creativity

Develops empathy and good self-image

Reduces stress

We are keen to nurture a culture of reading for pleasure, with the benefits of reading reaching all areas of the curriculum.

Students are encouraged to recommend books to their peers and to request books that they feel should be on our shelves if they can't find what they are looking for.

STRATEGIES FOR SUPPORTING READING AT HOME:

- Create a culture of reading for pleasure where you talk positively about reading as a family.
- Model a reading habit where your child sees you reading/listening to an audio book.
- Have a range of fiction, non-fiction, magazines and audio books available. Encourage your child to read around hobbies or a particular interest.
- Question your child about what they have read and ask them for recommendations.
- Encourage them to visit the school or local library.

How are my child's needs met?

Ringwood School community is committed to being inclusively ambitious.

All evidence shows the very first step to meeting your child's needs is through high-quality teaching.

We, therefore, place great emphasis on training our teachers (and teaching assistants) to understand the needs of your child and ensuring they are equipped with the most effective strategies to meet their needs in the classroom.

We know that some students may require additional support and this may be provided in the classroom or through additional interventions.

Your child's teacher monitors their progress over time and should they feel that they require any additional intervention they will refer to the SEN team and we will discuss with your child and you the intervention we recommend be put in place.

How is my child's voice heard?

- If your child is on the SEN register, a member of the SEN team will meet with them this half term to discuss their support needs
- We ensure that in our student voice activities students with SEN are proportionately represented
- You can sign up to meet with one of the SEN team at parent evenings
- We have parent surgeries twice a week. If you would like a call back, you can send an email to the SENteam@ringwood.hants.sch.uk and Mrs Sturley will arrange a time that works for you.
- You can contact your child's subject teacher, tutor or Head of Year directly

Exam Access Arrangements

- Principles of access arrangements: ‘to provide reasonable adjustments to allow equality of access to assessment in education. They aim to simply allow the candidate the opportunity to “**show what they know and can do without changing the demands of the assessment**”. They must not confer an unfair advantage to those who receive them, and credit cannot be given for skills that cannot be demonstrated.’
- Awarded to students with a long-term ‘substantial or severe difficulties’ and ‘a history of need’.
- JCQ set the thresholds. JCQ require substantial evidence of the impact and that this is their normal way of working.

**Does your child struggle to complete their home learning?
Would you like them to have support and guidance in school?**

Home Learning Club runs Monday - Thursday 3pm-4pm in the Library.

There will be members of staff available to support your child with any additional work.

In addition there will a specialist Literacy teacher on hand on Mondays and Tuesdays and a maths teacher available on Wednesdays and Thursdays.

Students do not need to book, they can just turn up.

Friday 24th November 2023 (INSET Day)
Years 11–13

After another very successful day last year we are again asking parents of Years 11 – 13 to take part in our Take Your Child to Work Day. This is a brilliant opportunity to gain a day of Work Experience and see what parents do and the role they have in their workplace.

We ask students to arrange with either a parent/carer, relative or family friend to shadow them at their workplace for the day. This gives an insight into their career industry and experience what goes on behind the scenes of a workplace.

More information will be sent out nearer the time from the Careers Team.

Helping students find their future

We bring all the available information into one single, impartial, user-friendly platform that helps students to make the best choices, and submit the strongest applications.

We also empower teachers and counselors to manage the progression process effectively.

All Y11 students will have a log in and will be able to access this excellent careers tool.

We will also set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to truly support your child.

What's new in the world of e-safety?

Rachel Heaver Webb – Assistant Headteacher

Child exploitation online is on the rise

- The NSPCC has reported an 82% rise in online grooming crimes against children in the last 5 years
- Almost 34,000 online grooming crimes against children were recorded by UK police in the last 6 years.
- 1 in 4 online grooming crimes in the last 5 years were against primary school children.
- 26% of online grooming offences against children took place on Snapchat.
- 47% of online grooming offences took place on Meta-owned products such as Facebook, Instagram and Whatsapp.
- One convicted offender coerced 150 children to engage in sexual activity by contacting them online using games like Roblox, sometimes paying them in game currency.

Influencers and subcultures

- Even before TikTok's rise to fame, online influencers were making their name on YouTube and Facebook. They might be referred to as "online celebrities" that have gained a large following on social media, sometimes in the millions.
- The issue is they can often present themselves as very relatable, particularly to young people. They are fun, engaging and commonly a little wacky. They usually have a focus, such as beauty, fitness, music or gaming.
- Many influencers are considered harmless, uplifting and even educational. However, places online, especially where young people spend a lot of time have a tendency to be exploited.
- Young people can search online to find information about:
 - Loneliness
 - Self-Harm
 - Political opinions or beliefs
 - Extremism
 - Body image

Sexting and sending nudes

Sexting is when a person sends a sexual message, photo or video to someone else. It could be a picture of you, but sometimes people send pictures and videos of other people.

Messages could be to a friend, boyfriend, girlfriend or someone online.

Reasons why young people do share nudes:

- feeling like you owe someone something
- worrying that they won't like you as much if you don't
- being asked over and over again
- not wanting to hurt someone's feelings
- worrying about getting into trouble or being hurt if you don't
- being offered money or a gift
- anything else that makes you feel like you have to send a nude.

It's not okay for someone to pressure anyone to send a nude.

How to report

- You can use the new Report Remove link via the Internet Watch Foundation (IWF), a UK charity, there to help remove illegal nude images of under 18s posted online.
- You can also call 101 to report it to the police or complete the online referral form to the local police through their website.
- This is the same for messages of a cyberbullying nature, harassment or sexual exploitation.
- Screenshot the evidence and report it to the police.

**Nude image of you online?
We can help take it down.**

Digital Footprint

- Whatever you post, like or share, it will stay with you forever.
- A **digital footprint** is your online identity and individuality and is what makes you unique. It builds an online reputation, or impression depending on the things you do online.
- The **important** thing to understand about this **footprint** is that you take it with you everywhere you go on the internet. ... Interests and trends change, but the data you leave behind stays the same.
- **Employers and Universities** are more accustomed today to search you on socials before offering you employment or training.

Be aware!

- Many of you who have attended these sessions before will be sitting feeling good about all the things you have in place at home already.
- You will be confident that your child isn't setting up accounts through social media targeting other learners and staff.
- You will already be talking and modelling the positive benefits of using the internet to seek out information and stay connected in a positive way.

It's never too late to establish your ground rules

We suggest:

- A “power down” hour before bedtime for ALL the family
- Devices charged centrally in a communal area
- Having technology free time within the day (weekend)
- No hiding away (being secretive) with their phone
- It's harder to change habits but discuss a plan as a family so everyone understands why
- Model what you expect
- Don't think “my child wouldn't do that”
- Follow your child on social media so you can see what they are posting
- Don't be an ostrich!

Final Top Tips...

- Encourage high attendance
- Keep calm (or at least pretend!) & don't be afraid to ask for help
- Recognise their strengths but keep your expectations high
- Be their study buddy
- Praise the 'ups', learn from the 'downs'
- Help them make a plan for their time – still plenty of time for fun
